ABOUT US

RoboCam Academy an Innovative venture of RVM CAD is the foremost CAD/CAM education and consultancy provider in north India for the past 22 years. We are well equipped with latest softwares, books, CNC VMC machines, Robots, 3D printer, 3d Scanner etc. All our faculties are well training by Siemens, Niesbud, etc.

Robot Programming Basic Level

The aim of this training to acquaint the students with basic concepts of programming of Fanuc robot system. This includes safety instructions, knowledge and usage of the coordinate system, Methods of tool calibration and tool payload, basic concepts of robot programming, 6 Axis movements and operation of robots system with Fanuc Robo Guide Simulator.

Robot Programming Advance Level

Teach pendant training. Creation of simple programs w.e.f to World and User coordinate systems. Creation of programs like MIG welding, pick & place, Material handling, Text writing, Syncing* with CNC VMC machine & PLC programming basics.*

CNC PROGRAMMER BUNDLE

Autocad 2D & Isometric
Instrumentation & Measuring devices
Manual G & M code Programming
Operating, Setting, Material Cutting
Master Cam

VMC PROGRAMMER BUNDLE

* Condition applied

Operating, setting
Manual G & M code programming
Operating, Setting, Material Cutting
Del Cam software / UG CAM Programming
Clay Modeling

WOODEN ROUTER PROGRAMMING

2D & 3D programming for wooden Router on ARTCAM* or Manual

Program Details :

Eligibility : B.Tech. All Disciplines/
Diploma/ Non Technical

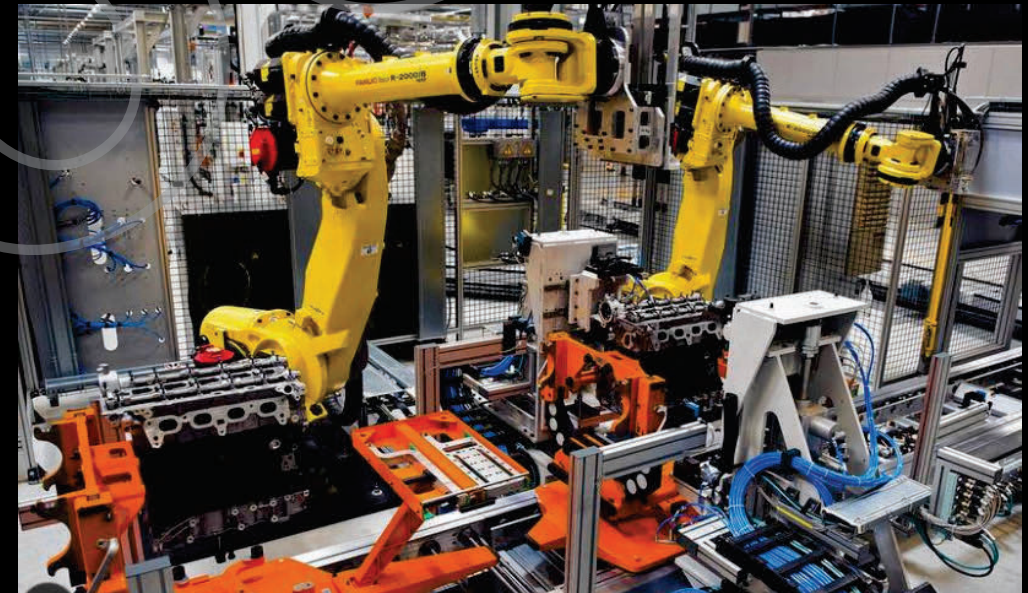

Duration: Total 80 Hrs. for both levels.

Mode : 9 a.m. to 9. p.m any two hours.

Program Faculty : Theory and laboratory sessions in training programs are conducted by expert faculty from industry.

We have more than 6 lacs CNC VMC machines in around NCR. and more than 800+ robots in Faridabad. Our placement record is excellent. Our eligible students are placed during the course period itself. Even we are not giving any job guaranty but we will make u sure for the job.
